# PRESIDENT'S MESSAGE

Vanessa Haydon  
CCT  
IL Chapter President

Dear Friends,

Welcome to Fall, Y'all! As the temperatures cool and leaves change color, I am reminded of how quickly time passes and the traditions we have with each season. I am happy to see more people enjoying each other's company away from a virtual-only setting. Let us all celebrate and enjoy the upcoming holidays this fall and winter.

October also is Breast Cancer Awareness month, a staggering one in 8 women will be diagnosed in her lifetime with breast cancer. During our summer virtual conference earlier this year, we all saw how personally each of our members are impacted by this disease. Early detection provides the best chance for successful treatment and cure. Over 3.5 million cancer survivors are alive today thanks to advances in screening, detection and treatment. [Screening Guidelines](#)

Your IL AAHAM Board of Directors is very excited to welcome our members to an in person ASI this December in East Peoria. We have an amazing line up of speakers with content including increasing engagement with colleagues to improve culture and the patient experience, best practices from your peers on overcoming challenges pertaining to denials, underpayments and appeals, improving POS collections, prior authorization's and legislative updates. [Register Today](#) and we look forward to networking with you at our Casino Royale themed Membership Appreciation Reception.

It is our honor to serve you and be your revenue cycle resource, without You there is no Us!

Warmly,  
Vanessa

Thursday December 8, 2022

8:00am-9:00am

**Breakfast and Registration**

9:00am-10:00am

**Believe in The Power of Caring: Session 1**

Eli Pagonis, Founder and CEO The Power of E4

**DESCRIPTION:** Believe in the Power of Caring helps participants gain a better understanding of how the engagement of your employees helps drive your organization's culture and overall patient/family experience. We identify the fundamentals necessary to aid in the positive interaction with employees and the communities served. We explore the basic building blocks that support an exceptional patient/customer experience and leads to exceptional results. This interactive session offers the what's, why's and how's in building an organization founded on excellence.

Course Objectives:

- To provide insight to how each person impacts the overall experience
- To offer solutions that are meaningful for front line staff all the way to sr. leadership
- We will identify how each individual must define and identify what caring means to them and how it is projected to the patient/customer and family member

# 41st ASI Agenda - Thursday Cont.

**12:30pm-1:30pm**

## **Promote Exceptional Patient Interactions and Collect at the Point of Service**

**Rick Rogers CRCE, VP, and Darren Cook, CRCS, Magnet Solutions**

**DESCRIPTION:** Providing an exceptional patient experience requires focus and practice, especially when you are in the role of asking for payments at the time of their service with your provider. We will be presenting methods anyone can employ to create that welcoming patient experience, and by the use of empathy and active listening, diffuse even the most cantankerous of patients and get them to make a payment on their visit, partial or in full. The best part is that when they walk away, they will feel good about their experience and will be loyal to your brand, all while you are playing a pivotal role in a strong revenue cycle.

**1:30pm-2:30pm**

## **Vendor Networking Opportunity/Break**

**2:30pm-3:30pm**

## **Prior Authorization Transformation**

**Alicia Auman, Regional Sales Director, AccuReg**

**DESCRIPTION:** As insurers continue to increase prior authorization requirements, providers struggle to hurdle these everchanging barriers, putting patient health at risk and losing revenue they have earned. Join this session to learn how to prevent—not reduce—no auth denials using a 5-step best practice process that improves net revenue, efficiency and patient satisfaction. We'll explore the challenges and causes of authorization denials and real-world strategies to automate determination, submission and retrieval so you can leave no auth denials behind!

- Learning Objectives:
- Adopt a strategy to prevent no-auth denials prior to service
- Identify and automate all 5 steps of prior authorization to improve efficiency, costs and revenue
- Improve patient engagement and financial experience using digital technology

**3:30pm-4:30pm**

## **H.R. 3173, Medicare Prior Authorization**

Insurers offering Medicare Advantage plans requiring prior authorization would have to establish an electronic authorization program and meet new standards for decision timing and transparency under a modified version of H.R. 3173.

The Health and Human Services Department would have to approve the electronic authorization programs and would also set time frames and transparency requirements for prior authorization decisions for Medicare Advantage plans.

Medicare Advantage plans allow individuals to obtain coverage normally provided through Part A (hospital) and Part B (medically necessary and preventive services) from approved private insurers.

MA plans, like other insurance plans, often require health care providers to obtain prior authorization for certain medical treatments before they can treat patients. In a September 2018 report, HHS' Office of Inspector General found that MA plans overturned 75% of their denials for preauthorization — raising concerns that some MA beneficiaries and providers were initially denied services and payments that were medically necessary.

“When seniors need critical medical care, doctors and other health care providers should be spending their time working with patients instead of going back and forth on requests that should be electronic, standardized, and eventually automated,” said bill sponsor Rep. Suzan DelBene (D-Wash.) in a May 2021 news release. The bill would create “sensible rules for the road and will offer transparency and oversight to the prior authorization process,” she added.

HHS would have to provide for the transfer of \$15 million from the Federal Hospital Insurance Trust Fund and Federal Supplementary Medical Insurance Trust Fund to the Centers for Medicare and Medicaid Services Program Management Account for fiscal 2022 to carry out the measure.

## Prior Authorization Requirements

---

Medicare Advantage insurers that impose prior authorization requirements would have to establish an electronic preauthorization program within three plan years of the bill's enactment that would provide:

- Real-time decisions if the request is submitted with the documentation required by an MA plan.
- Secure electronic transmission of a request and any health claims attachment that comply with applicable technical standards set by HHS and any other requirements to promote the standardization and streamlining of electronic transactions. A fax, electronic form, or proprietary payer portal that doesn't meet HHS standards wouldn't be treated as an electronic transmission.

HHS would have to announce the items and services for which prior authorization requests are regularly approved and update the list at least every two years.

HHS would also have to conduct a rulemaking to determine what constitutes a real-time decision based on current medical practice, technology, and health care industry standards — though it could be no longer than seven days after a prior authorization request.

MA insurers could request a delay in issuing a real-time decision on a prior authorization request of as long as 72 hours after receiving the request, or 24 hours in cases where a delay could seriously jeopardize a beneficiary's life, .

The department would have to finalize any additional requirements to streamline electronic transmission by July 1, 2023.

## Other Provisions

---

**Transparency:** The measure would require MA plans to annually submit to HHS a list of the items and services that required prior authorization in the previous plan year.

Plans would also be required to provide information on preauthorization requests submitted, approved or denied as well as decisions that were delayed or appealed.

The bill would also direct plans to submit information on:

- The average and median time between a request and a decision.

- Information on when medical professionals, in the course of providing previously authorized surgery or services, must seek additional prior authorization.
- Artificial intelligence, machine learning, or any technology specified by the HHS the plan used to make decisions.
- Grievances received related to a prior authorization requirement.

The measure would allow MA plans to offer additional information on the percentage and number of requests denied because they didn't demonstrate that a patient met specified clinical criteria for items and services.

Plans would also have to provide their policies on prior authorization requests and criteria used to make prior authorization decisions to health care providers or suppliers seeking to contract with the plan. Enrollees could also request decision-making criteria. HHS would have to publish all prior authorization data and decision-making criteria on the Centers for Medicare and Medicaid Services website broken down by individual plan levels.

MA plans would have to comply with transparency requirements within four plan years of the bill's enactment.

Enrollee Protection: The bill would direct HHS to conduct a rulemaking to set requirements for Medicare Advantages plans to ensure they:

- Adopt transparent prior authorization programs developed in consultation with enrollees and participating health-care providers.
- Allow for waivers or modifications of preauthorization requirements based on provider compliance with evidence-based medical guidelines.
- Annually review the items and services for which it requires prior authorization while considering stakeholder input.

MedPAC Report: The Medicare Payment Advisory Commission would have to report to Congress with an analysis of the use of prior authorization, including relevant statistics on appeals and overturned decisions and recommendations to improve electronic preauthorization programs.

## Group Positions

---

The bill is SUPPORTED by 500 organizations, including AAHAM, AARP, American Medical Association, Better Medicare Alliance, and the Regulatory Relief Coalition.

## Previous Actions

---

DelBene introduced the bill, called the “Improving Seniors’ Timely Access to Care Act,” on May 13, 2021. It had 311 cosponsors, including 180 Democrats and 131 Republicans, as of Sept. 12.

The bill was referred to the House Ways and Means and the Energy and Commerce committees, which haven’t considered it, though the Energy and Commerce Subcommittee on Health plans to hold a markup Sept. 14.

The Ways and Means panel approved a similar bill (H.R. 8487) — also introduced by DelBene — by voice vote on July 27. The version of H.R. 3173 reflects what was approved by the committee.

Sen. Roger Marshall (R-Kan.) introduced a companion (S. 3018) to H.R. 3173 in October 2021 that was cosponsored by 21 Democrats and 19 Republicans as of Sept. 12. The Senate Finance Committee hasn’t acted on the measure.

## Prospects

---

House leaders listed H.R. 3173 for consideration as soon as Sept. 14 under suspension of the rules. A two-thirds majority would be required for passage.

H.R. 3173 would establish new requirements for Medicare Advantage plans that use prior authorization.

H.R. 3173 would require most Medicare Advantage plans to establish an electronic program for prior authorizations and to report new data to the Secretary that would later be made publicly available. The new data would include a list of services subject to prior authorization as well as data on several metrics specified in the legislation. For example, plans would be required to report the number of service requests that they received and the share of those requests that were denied.

In addition, plans would be required to respond to expedited requests for prior authorization of services within 24 hours and to other requests within seven days. Most provisions of H.R. 3173 would go into effect three years after enactment, but the data reporting requirements would go into effect four years after enactment. For this estimate, CBO assumes that H.R. 3173 will be enacted before the end of calendar year 2022.

Under current law, prior authorization is a utilization management tool that limits coverage to cases that meet the plan's standards of review. By placing additional requirements on plans that use prior authorization, we expect H.R. 3173 would result in a greater use of services. We expect Medicare Advantage plans would increase their bids to include the cost of these additional services, which would result in higher payments to plans.

# How AAHAM Certification Assisted My Career - Member Submitted Article

As I reflect upon my first year in Revenue Cycle back in 2010, I recall how quickly I came to the realization that I had a LOT to learn about its significant impact on an organization's success as a whole. While I knew the basics of how Patient Access was vitally important to the billing process, little did I know just how detailed it really was. Shortly thereafter, I started to gain a deeper understanding that Revenue Cycle also included so much more than just Registration and Billing, and that all these parts contributed to a bigger financial picture of an organization. My first few years in Revenue Cycle was spent soaking up knowledge, spending time with colleagues that mentored me, and gaining a deeper understanding of all that Revenue Cycle had to offer.

One of my colleagues, and main mentor, brought me to my first AAHAM meeting, where I became a member and started attending regular meetings. Throughout these meetings, I would hear about AAHAM certification and see the individuals who were recognized for achieving the honor as they received their framed certification. My mentor, who had achieved her CRCE certification, encouraged me to become certified as well.

AAHAM has many levels of certifications to choose from so that the individual can select what best meets their professional and educational goals. As I reviewed the options, reflected on my role at the time, and developed my future professional career plan, I made the decision to work towards the CRCE certification.

To prepare for the exam, I met with other AAHAM CRCE certified individuals to review material, I connected with colleagues within Revenue Cycle outside of Patient Access to gain a deeper understanding of their work, and I spent a lot of time studying the excellent material that you receive to help you prepare. In November 2014, I achieved my goal of becoming CRCE certified through AAHAM, and it was an accomplishment that I am still incredibly proud of.

Upon becoming certified, I was provided the opportunity to expand my role at the time to include another facility. I was also able to provide in-depth feedback to senior leaders, and have a deeper understanding of Revenue Cycle as a whole, including opportunities that the organization had to improve their financial health. As time progressed, I was provided the opportunity to join various projects that benefited the organization, and ultimately brought me to my current role as Director of Patient Access Business Operations for OSF Healthcare.

In my current role, while it's focused upon Patient Access, I interact with all facets of Revenue Cycle and have a deep appreciation for all that it has to offer. I often reflect upon the knowledge I gained in preparation for the exam and the pride (and, let's just say it – relief!) I have for achieving the goal.

I still have my guidebook, and pull it out every so often to review material. Certification has provided me with a tremendous amount of knowledge and confidence, and has allowed me the opportunity to advance in my career.

I am proud to say that I chose to take the leap and become certified. Thank you, AAHAM, for developing top-notch certification levels that are recognized across the country, setting the standard of excellence in Revenue Cycle.

# AAHAM Certification

- The world is changing and so are we...

2021 is off to a fast start with AAHAM certification, and we are excited to announce two significant enhancements to our certification program! **AAHAM will now offer all of our certification exams on a monthly basis, enabling our test takers to have more flexible scheduling options to become certified when the time is right for them. All certification exams will now be offered on the third week of each month.** The new certification exam calendar and registration links are available at <https://www.aaham.org/Certification.aspx>

The certification exams will continue to be delivered either remotely online through ProctorU, or with a local in-person proctor. We will work with examinees to assist in making the necessary proctoring arrangements for their exams. All exam registrations will need to be submitted at least 30 days prior to the scheduled exam date, and there are no changes to the exam registration fees. **The 30-day registration deadline now applies to both new exams and section retakes**, offering a faster track to becoming certified for those who are ready to take an exam for the first time. For further details, please visit <https://www.aaham.org/Certification.aspx>.

## Digital Study Guides

As noted recently in the AAHAM Journal, we are also thrilled to announce that we will be offering digital versions of all of the AAHAM certification study guides to purchase starting on April 1<sup>st</sup>.

This new format has been highly requested, and we are excited to make this format available along with the enhanced features that it provides. The digital study guides will have the same content of the traditional hard-copy books, with additional flexibility that the digital format offers. Whether you prefer to view the study guide on a tablet, phone, or web browser, we have you covered with this new interactive option. Here are some of the digital study guide features at-a-glance:

- Flexibility to access and explore content on any device, from anywhere - even when offline.
- Content is delivered via the free Mimeo Digital app, which is available in all app stores, as well as any web browser.
- Interactive, user-friendly format enables features like taking notes, adding bookmarks, and more, all synced across your devices and stored in the cloud.
- The integrity of content is upheld in the digital format, with advanced security features that prevent unauthorized sharing or printing of the materials.

If you still prefer the traditional hard-copy books, there's no need to worry, they will also be available to purchase instead of the new digital option.

Providing more flexibility with AAHAM's certification training and testing has been a core focus of our certification committee's work over the past year. The future is bright with AAHAM certification, as we look forward to continuing to provide our industry-leading certifications and education in ways that can fit into anyone's busy schedule.

# NEW CERTIFICATIONS

Please help us in congratulating our newly certified IL AAHAM Members!

CRCS

Stacey Tarpley - Unity Point Health

It's time to renew your Membership and Illinois AAHAM has a new offering for the 2022 Membership year!

We recognize and understand the financial impact most are experiencing both personally and professionally due to COVID-19.

With that in mind, for the first time ever, the Illinois Chapter of AAHAM is offering a State-only Membership level. This Membership level allows you to join the Illinois chapter without having to join or renew at the National association level. Illinois AAHAM State-only members may upgrade their membership to the National level at any time throughout the calendar year, should they seek National level benefits.

## Which Membership is right for me you ask?

**State:** The fee to become an Illinois Chapter member is \$30.00. If you join any time prior to October 1<sup>st</sup> membership will become effective that calendar year. If you join after October 1<sup>st</sup>, membership will become effective the remaining of that year and the following calendar year.

**National:** The fee to become a National AAHAM member is \$209. If you join in July, the dues are \$160 for the rest of the current year. If you join between August 1st and November 30th, the fee is \$250 for the rest of the current year and all of the following year. *We also offer [payment plans](#) to help ease the dues burden.*

### **Student:**

**Full Time Student Membership:** **Students taking at least 12 credit hours per semester can join for free.** You must submit proof of your full time status with this application. Student members receive the benefits of membership with the exception of voting, eligibility for professional or executive levels of certification, eligibility for the member scholarships, and cannot be a proxy for a chapter president at any national board meetings.

**Part Time Student Membership:** The part time student membership fee is \$50. If you join in July, the dues are \$35 for the rest of the current year. # BENEFITS OF AAHAM MEMBERSHIP

Healthcare revenue cycle professionals across the nation and around the globe are looking for an edge... a way to work smarter, build a career, stay informed and make the right contacts. Your membership in AAHAM helps you achieve all of these goals.

## What do I get for my \$239 yearly National and Illinois AAHAM Membership Fee?

- **Eligible for Certification Designations.** AAHAM membership allows you the opportunity to sit for the CRCE, CRCP, CRCS, CRIP, or CCT certification exams, which provide you with the recognition and respect within the Healthcare Revenue Cycle industry. Studies show certified members perform at a higher level of efficiency and provide a return on your investment.
- **Exclusive invitation and pricing to the AAHAM's Annual National Institute (ANI)** known for excellence in education, value and networking. (Save \$100 off your ANI registration for being a member.)
- **Exclusive invitation and pricing to the Illinois AAHAM's quarterly educational events.** (\$75 in Illinois meeting savings for being a member throughout the year.)
- **Exclusive invitation and pricing to National and Illinois AAHAM Webinars** (\$25 member savings for every Illinois AAHAM webinar. \$50 in yearly savings if you attend 2 Illinois AAHAM webinars.)
- **Exclusive invitation and pricing to Legislative Day.** Brings you face-to-face with decision makers in Washington who determine the outcome of healthcare legislative priorities. (\$100 member savings.)
- **Continuing Education Scholarships.** Opportunity to apply for and be awarded national and Illinois Scholarships for continuing education for you and your family members. Yearly Illinois AAHAM scholarships awarded in the amount totaling \$2,000 for members, children and grandchildren.
- **Member Directory.** An online Illinois AAHAM Membership directory helps keep you in touch with other members and vendors both locally and nationwide. Network with your revenue cycle peers!
- **AAHAM Member's Only List Serve.** Have an issue? Chances are your peers do as well. Bounce questions and issues off your revenue cycle peers via our list serve!
- **Subscription to Legislative Currents.** Distributed via email 8 times a year, to keep you up to date on legislative and governmental issues affecting our industry.
- **Subscription to the Journal of Healthcare Administrative Management.** Rated as the #1 membership benefit, the journal is issued quarterly.
- **AAHAM's National News.** AAHAM's monthly electronic Newsletter with timely updates and information about your association.
- **Illinois AAHAM's Award Winning Lincoln Log.** Illinois AAHAM's quarterly electronic Newsletter.
- **Job Bank** to assist you in searching and posting that special job.
- **Unlimited Networking with other revenue cycle professionals** through our website and Chapter Interaction.

INVEST IN YOURSELF AND YOUR STAFF - Attend the Illinois AAHAM meetings, the national AAHAM ANI and 2 Illinois AAHAM webinars throughout the year, and your \$229 National and Illinois AAHAM membership fee saves you over \$200 in meeting fees throughout the year!

## **What is American Association of Healthcare Administrative Management? (AAHAM)**

---

AAHAM is one of the predominant organizations providing educational and professional development for revenue cycle professionals in Illinois. Our membership includes professionals from patient financial services/revenue cycle specialists, clinical managers, administrators, chief financial officers, consultants and a variety of other professionals in related fields. All of our meetings provide our membership an opportunity to learn, network among colleagues and earn continuing education credits.

Illinois AAHAM conducts several educational conferences each year. Each spring and summer our chapter presents one full day of educational meetings. In the fall, our education session is coupled with the annual Charles Garvin Memorial Event. The Annual State Institute (ASI), held in December, is spread over a day and half and includes a vendor tradeshow.

As an Illinois AAHAM Sponsor, your company will receive a significant amount of recognition opportunities throughout the year. Your organization's name will be included in pertinent marketing materials and on-site acknowledgement at ALL educational conferences. As a part of your sponsor package, you will also receive complimentary advertising in the Lincoln Log.

Open enrollment for our sponsorship program is held once a year. Your investment in our program will provide company recognition for an entire year (January 1, 2021 through December 31, 2021).

\*Please note: An additional fee of \$600 is charged to exhibit at our Annual State Institute in December. The exhibit fee also includes one meeting registration. For those vendor partners who sponsor at the Platinum Level, the exhibit fee and one meeting registration are waived (they are included in the Platinum sponsor package).

We believe participation in the IL AAHAM Sponsorship Program should be an integral part of your company's marketing program.

Please contact Julie VanPelt at [jvanpelt@avadynehealth.com](mailto:jvanpelt@avadynehealth.com) or Vanessa Haydon at [vhadon@mra.revecore.com](mailto:vhadon@mra.revecore.com) or send an e-mail to [ilaaham1@gmail.com](mailto:ilaaham1@gmail.com) to discuss your company's sponsorship opportunities!

*We appreciate your support of Illinois AAHAM!*

## Our Commitment

We are a stable company, we share risk through the bond, and we continue to expand our client base despite the competition within the industry. The reason for our continued success can be summarized in one important word - **SUPERIOR SERVICE!**

We will never raise fees or create new large or small, year collection work. Further we will not require our clients to engage services with us simply just over all business lines. Our services are performed, and the future of our company depends upon the needs of clients - **800.765.5111 (TOLL FREE)**

Our clients can refer to the logos - **CPA** or **CPA** (both) We will continue to grow and expand our collection services. **800.765.5111 (TOLL FREE) 800.765.5111**

**We Are Experts at Managing Managed Care**

Since 1994 Managed Care Partners has been assisting physicians, hospitals, integrated provider networks and other health care organizations with the negotiation and administration of their managed care contracts.

A very cost-effective, fixed monthly fee for professional services ensures no surprises. The engagement may be terminated at any time.

We welcome the opportunity to tell you more about Managed Care Partners and to answer your questions about our services.

Eagle is a full service agency, concentrating on bad debt, primary placements. *Although most agencies have a plethora of services, we do one thing and we do one thing really well; collections.*

### Eagle Recovery Associates

Reasons why we believe you should choose Eagle:

- ✦ Eagle's healthcare client base equates to approximately 98% of our overall business mix. This high percentage clearly illustrates our long-term focus and dedication to Healthcare.
- ✦ Eagle has a **proven** track record working all types of healthcare accounts...just ask any of our current partners about the job we do for them.
- ✦ Our senior management team consists of individuals averaging more than 25 years experience in the industry. Wouldn't you prefer to place your trust in a company with proven experience?
- ✦ Our Client Services Department has earned a "best in class" reputation over the years.
